

Dear Colleagues,

A very rich and innovative set of Research & Networking Activities templates were submitted in the October Cycle 2019. My sincere thanks to everyone who submitted templates and/or provided collegial feedback on submissions for their ideas, proposals, suggestions and contributions. Funding has been allocated to the following activities:

- *Refugee families and building resilience in a second-tier city of Quebec: The resettlement experiences of Syrian refugees in Gatineau, led by Anick Dauphin, \$21,207*
- *Application for a Windsor City Network Post-Doctoral (post-doc) position, led by Francine Schlosser, \$30,000*
- *Working Group – Migrant Resilience in the Context of Transitions in Immigration Status, led by Rupaleem Bhuyan and Jill Hanley, \$1,700*

Four projects are still under review.

I am grateful to everyone for taking the time to comment on the various templates. We owe special thanks to the members on the Executive Committee - Damaris, Henry, Stephan,utama - for their collegial review and insights.

Cheers

Valerie
